Losing a family heirloom book was bad enough. Add in magical powers, kidnappers and an army of Aztec star demons threatening to devour humanity, and it's been a hell of a week.

Just days ago, my biggest problem was trying not to get fired from my graphic design job. Now, it's trying to work with a grumpy book dealer to find the missing book and save my sister. Not to mention master these new powers I got from an Aztec goddess.

But finding the book and turning it over to the kidnappers to free my sister comes with a catch – one that could have devastating consequences for humankind.

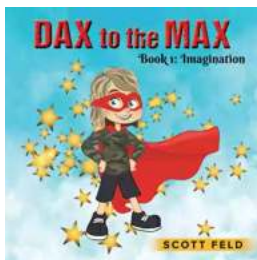

If you love magical realism, humorous fantasy and Latin American mythology, Book of Star Demons is right up your alley. It's a snarky, fast-paced urban fantasy with humor, lots of action and a slow-burn romance.
