One of the greatest delights of autumn is undoubtedly the heartwarming aromas that fill the air. The sweet fragrance of apples, cinnamon, and pumpkin spice beckon us to indulge in seasonal treats. The warmth of a freshly baked apple pie or a steaming cup of spiced cider provides comfort like no other. These scents bring back memories of cozy family gatherings, laughter filling the air, and the joy of being present in the moment.

As we dive deeper into the Days of the Fall, we inevitably come across its most celebrated holiday – Halloween. Originating from ancient Celtic traditions, Halloween emanates a sense of mystery and excitement. The streets come alive with laughter, costumes, and pumpkin-carving competitions. Children eagerly prepare their trick-or-treat bags, excitedly anticipating the delicious surprises that await them at every doorstep. Halloween is a time to embrace our inner child, to let our imaginations run wild, and to revel in a world where anything is possible.

But the Days of the Fall aren't just about Jack-o'-lanterns and sugary treats. It is also a time of harvest and thanksgiving. The bounty of the earth is celebrated with gratitude, honoring the fruits of our labor and appreciating the abundance that nature provides. Families and friends gather around a table filled with hearty dishes, sharing stories and laughter amidst the aroma of roasted turkey and

warm cranberry sauce. It is a time to give thanks for the blessings in our lives and to cherish the moments of togetherness that bring us closer.

As the sky paints a myriad of fiery colors during the setting sun, and the stars begin to twinkle in the cool night sky, we are reminded of the fleeting nature of the Days of the Fall. The leaves that once adorned trees now dance in the wind, bidding farewell to summer as they gracefully descend towards the ground. It is a bittersweet time, a reminder that all beautiful things must eventually come to an end.

Yet, the beauty of fall lies in its cyclical nature. As the Days of the Fall come to an end, they give way to the promise of renewal in the form of winter. The earth prepares to rest, to rejuvenate, and to begin the cycle anew. Until then, let us embrace the enchantment of autumn, seize its fleeting moments, and immerse ourselves in the captivating symphony of the Days of the Fall.

Days of the Fall takes the reader into the heart of the terrible wars in Syria and Iraq. The book combines frontline reporting with analysis of the deeper causes and effects of the conflict.

Over five years, Jonathan Spyer reported from the depths of the wars, spending time in Aleppo, Baghdad, Damascus, Mosul, Idlib, Hasaka and other frontline areas. He witnessed some of the most dramatic events of the conflict – the rescue of the trapped Yezidis from the attempted ISIS genocide in 2014, the Assad regime's assault on Aleppo, the rise of independent Kurdish power in north east Syria, the emergence of the Shia militias in Iraq as a key force. The book depicts these events, and seeks to place them within a broader framework. The author notes the ethnic and sectarian faultlines in both Syria and Iraq, and contends that both countries have now effectively separated along these lines, leading to the emergence of de facto fragmentation and the birth of a number of new entities. The book also notes that this confused space has now become an arena for proxy conflict between regional and global powers.

Containing interviews with key figures from all sides of the conflict, such as the Shia militias in Iraq, and even ISIS members, Days of the Fall serves as an invaluable and comprehensive guide to the complex dynamics and the tragic human impact of the wars.
