Cooking Indian food isn't easy. There I said it.

But, while it definitely requires a commitment both in time and in the purchasing of ingredients, few cuisines will repay that effort with such tantalizing aromas and delicious tastes.

Within the pages of this small book are a collection of tried and tested recipes for dishes that will be familiar to anyone who has been to their neighborhood Indian restaurant. Simon makes them all the time. Our volunteer recipe testers had a blast, testing them as well. Our photography was also volunteered, as was the book formatting. 100% of your purchase goes to Friends of Colombian Orphans to support our vocational training program in Bogota.
