Thulani has an artistry, approaching a subject like a cameraman shooting from different angles. In response to his own fatherlessness – and the fatherlessness engulfing nations – the author in his wise writing has taken it upon himself to be the father he never had. But more than that, to be a father and a voice of hope in the dungeon of life.

This book, *Fathering Shadows*, is a wide net cast out to bring family peace and unity. While addressing many intricate aspects of fatherhood, the author skillfully unravels affirmation of sons and daughters and unleashes wisdom about navigating through life's crossroads, the essence of education, conquering battles of the workplace, and moreover, the understanding of absent fathers.

This is an indirect approach to fatherlessness with a target clearly marked. And, of course, the author hits it so well. A must read!

"In this book I have shared each and every chapter as an invitation to get male voices to speak, encourage and affirm. If this book manages to get one man to be aware of his environment at home and to be fully present – and to go beyond that to look for opportunities to speak words of life to the fatherless beyond his yard – I will have succeeded as an author. It would mean one less shadow and one more father restored." Thulani 'Yeyeye' Gumede
