The Early Morning Chaos

Justin's day starts like any other typical school morning. He rushes through his morning routine, barely managing to put on his uniform the right way and makes a mad dash to catch the bus. As luck would have it, that morning the bus driver decides to drive extra fast, making Justin's journey a rollercoaster ride of a lifetime. The constant jerks and sudden breaks force Justin to tightly grip the seat in front of him, as the chaos continues.

The Lunchtime Fiasco

Just when Justin thinks he has survived the morning chaos, lunchtime comes with its own set of disasters. Being a school with a crowded cafeteria, it's a daily struggle to find a seat. Justin finds himself wandering around with a tray full of food, looking for an empty spot. Unfortunately, he trips over a loose shoelace and sends his lunch flying across the room, making him the center of attention. The embarrassment that follows can only be topped by his subsequent attempt to flee the chaos, slipping on a banana peel as he tries to make a quick escape.

The Gym Class Oops

Gym class is known to be an arena for potential disasters, and Justin's experiences are no exception. During a basketball game, Justin manages to accidentally throw the ball in the wrong direction, knocking down a row of perfectly organized dominoes set up by the art class next door. The crash of

falling dominoes echoes through the gym, leaving both Justin and the art teacher in a state of shock. Needless to say, his reputation as the ultimate disaster magnet only grows stronger.

The Science Lab Catastrophe

Justin's adventures continue even during Science class, where chemicals and experiments take a wrong turn. During a lab session, Justin accidentally mixes two chemicals that create a small explosion, causing chaos and setting off the fire alarm. With smoke filling the room, students running around in panic, and the teacher trying to calm everyone down, Justin finds himself once again at the center of attention, wondering if there is such a thing as an uneventful school day.

Lessons Learned in Humility

Despite the chaotic nature of Justin's school life, he navigates through it with a resilient spirit. While these daily disasters may seem like an endless nightmare, Justin learns valuable lessons along the way. He learns to embrace his mistakes, laugh at himself, and find the courage to face each day with a positive outlook. Justin's misadventures remind us that life isn't always perfect, but it's in those imperfect moments that we grow, learn, and create lasting memories.

The End of Another Eventful Day

As the school day comes to an end, Justin reflects on the rollercoaster ride that is his life. His journey may be filled with school drool and other daily disasters, but he wouldn't have it any other way. Justin's ability to find humor in the chaos inspires those around him and reminds us that even during the toughest moments, laughter is the best medicine. So the next time you find yourself in a

school drool situation, remember Justin Case and his incredible resilience in the face of daily disasters.

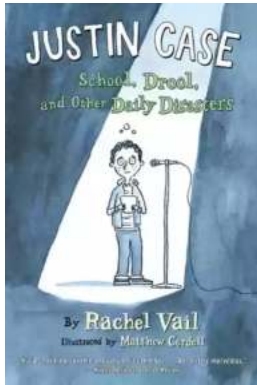

Jim dishes out the sweet and sour,
Kim comes back down. They start to eat,
And end up sitting there for hours,
Dissecting details of deceit,
Discussing friends and shared emotions,
The evening's curious commotions;
How some unmentionable clown
Had hung wallpaper upside down.

In bed, the duo rediscover
The hushed delights of silent sex,
Lest careless cadence resurrects
Their friend from underneath his cover.
Until,
in tired and tangled heap,
The pair, at length, fall fast asleep.

It's the start of the school year, and nothing feels right to Justin. He didn't get the teacher he wanted, he's not in the same class as his best friend, and his little sister, Elizabeth, is starting kindergarten at his school. Elizabeth doesn't seem nervous at all. Justin is very nervous about third grade. And to top it off, he's lost his favorite stuffed animal, but he can't tell anyone, because technically he's too old to still have stuffed animals. Right?

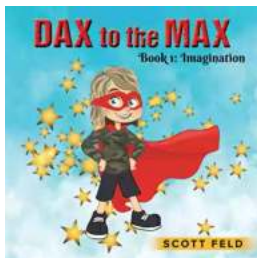

Here is third grade in all its complicated glory—the friendships, the fears, and the advanced math. Acclaimed author Rachel Vail captures third grade with a perfect pitch, and Matthew Cordell's line art is both humorous and touching. As Justin bravely tries to step out of his shell, he will step into readers' hearts.
