She was a guardian of ancient secrets, whispering her knowledge to the wind and inscribing them on sacred stones.

Unveiling Zuri's World of Magic

Zuri's existence was interwoven with the cycles of nature, and her understanding of the mystical bonds that bind all living things was unparalleled. Through extensive research and insights from the few remaining fragments of her journals, we explore her world of magic, enlightenment, and harmony.

She communed with the spirits of the earth, danced beneath the celestial wonders of the night sky, and understood the intricate language of plants and animals. Zuri invoked ancient rituals, harnessing the energy of the elements to heal, protect, and empower those who sought her guidance.

One of the most fascinating aspects of Zuri's practices was her ability to communicate with the spirit world. She delved into the depths of the ethereal realm, connecting with ancestors and spirits long gone. Their guidance became a testament to her innate spiritual gifts and an integral part of her journey.

The Wisdom of the Ancient Gods and Goddesses

Zuri's spiritual path was intricately entwined with the gods and goddesses she worshiped. These divine entities held immense significance in her life and proved to be instrumental in shaping her destiny.

Meet Zuri, our sophisticated pagan ancestor as she lives her life in Christchurch in 2200 BC. It is the Neolithic period and the first civilisation in Britain along the mystical River Avon, an area called 'Avonlands'. Her rituals and mythology embrace nature to a degree that we no longer understand. Her tribe is contrasted with the wealthy pensioners, the oldest population in the UK, who now live where her hut once stood. Most have abandoned the dirty air of London for the picturesque Dorset coast. This is a social history of two tribes living in the mysterious region of Stonehenge, with today's pensioner tribe living to twice Zuri's age, growing overweight and unfit, and when not idly writing books, overwhelming the NHS.
